

## KS1 Homework Overview Sheet – Autumn 1

These are things you can and should be doing all the time, regardless of additional homework set by your teacher. You can tick each week when you have completed the activity. The tasks in **red** **MUST** be completed every week. Other tasks should be completed for each unit or as directed by your teacher.

Task	Week:	1	2	3	4	5	6	7
Practise my phonics								
Practise my spellings								
Read every day for at least 5 minutes								
Practise my number facts from my maths KO								
Practise my times tables from my maths KO								
Memorise the key vocabulary from all KOs								
Learn the information on all KOs								
Wider research and reading about topics in all subjects								
Mathletics								
Literacy Planet								

KOs = Knowledge Organisers. These will be sent home at the start of each new unit in all subjects.

In addition to the tasks above you could also do the following:

Trips which link to the topics you are studying e.g. visit the Science museum to learn about sound or the British Museum to learn about Islamic Art

Writing – stories, newspaper articles, biographies – anything you like!

## KS2 Homework Overview Sheet – Autumn 1

These are things you can and should be doing all the time, regardless of additional homework set by your teacher. You can tick each week when you have completed the activity. The tasks in **red** **MUST** be completed every week. Other tasks should be completed for each unit or as directed by your teacher.

Task	Week:	1	2	3	4	5	6	7
Practise my spellings								
Read every day for at least 10 minutes								
Practise number facts from my maths KO								
Practise times tables from my maths KO								
Memorise the key vocabulary from all KOs								
Learn the information on all KOs								
Wider research and reading about topics in all subjects								
Mathletics								
Literacy Planet								

KOs = Knowledge Organisers. These will be sent home at the start of each new unit in all subjects.

In addition to the tasks above you could also do the following:
