

9th November 2022

Dear Parents/Carers

Re: Flu Vaccine for Reception, Years 1, 2, 3, 4, 5, and 6 Children

We are writing to inform you that the flu vaccine (via nasal spray) will be administered at the school on **Wednesday 16th November 2022**.

This year the consent process is electronic. Please find enclosed a letter from NHS School Age Immunisation Team with details on how to complete the consent form online.

Please note the nasal vaccine contains gelatine derived from pigs. Flu vaccine will **only** be given to those children whose parents/carers have given their consent online.

If your child becomes wheezy before or on the day of the vaccination session, please contact the school before 9.00am on Wednesday 16th November so the information can be passed to the School Nursing Team.

Yours sincerely,

Mr D. Kerbel
Headteacher
